

HE WON THE FIGHT

Ransom C. Luce Gets Things His Way

ON THE HALL STREET GRADE

It Will Be Made to Conform to the Former Grade Line of South Union Street.

President Shelby presided over the board of public works yesterday. Messrs. Latellier and Worden were the only members present. The contractor on the East, Page and Carrier street sewer was before the board and complained of a mistake in figures made by the city engineer, which decreased his profits. The city engineer made a statement of the matter, and the contractor will receive \$162, the amount of his claim.

The sixty days' trial of the new pumps at the pumping station will begin August 1 instead of July 20 as originally intended. This extension is caused by the fact that the wells at the house were in such bad condition that the engineer feared that to start the pumps would injure them.

R. C. Luce was with the board. He was not quite satisfied with the grade line of Hall street. He thought the expense of cutting the street near the cemetery would be greater than the benefit derived therefrom. He had been figuring up the cost on his own hook and he calculated the expense would be \$5,000 or \$10,000, and in his opinion that is too much money. Mr. Worden moved that the old grade line be reconsidered and the new grade adopted. This new grade makes Hall street level with Union street at the junction. This necessitates that the grade line of Union street be re-established.

The Oriel's Water System. C. W. Black appeared before the board and desired permission to lay a private water system to the Oriel factory. On motion of Mr. Worden it was granted.

General Innes had a personal matter to bring before the board in reference to Tamarack street. He asked the board to offset a matter in land over there. He dedicated the street to the city and when it was extended it cut off lots he had sold and he desired a jog made in the street. He was referred to the city engineer.

Then the board got down to routine business. Reports were made of the progress of sundry improvements in different parts of the city. The Consolidated Street Railway company petitioned the board that the contractor who put the sewer in Hall street be required to replace the cobblestones in the middle of the track before the car service be resumed on that street. The Street Car company will be notified that the track will be put in as good condition as it was found. Several contractors asked for extension of time in which to complete work; granted. A petition was received from five residents of Home avenue, asking for water mains in that street; referred to the city engineer.

The following accounts were allowed: N. T. Smith \$70, Richard Orpen \$25.50, G. M. McCray \$15.50, Thomas Green \$29.50, Titus Doan \$15, Titus Doan \$7.75, C. G. Bickie \$62.75, A. W. Orr \$30, D. W. Boyes \$39, H. Wagonmaker \$79.50, L. LaLonde \$25.75, C. E. Williams \$57.50, Crosby Steam Gauge & Valve Co. \$1.65, Adolph Leitell iron works, \$70.43, Charles S. Wilson, \$25.50; H. M. Reynolds & Son, \$81.45; J. N. Davis, \$125; John DeBrine, \$44.62; G. R. & L., \$28.30; H. M. Reynolds & Son, \$6.05; A. Parlee, \$67.50; C. Westlake, \$25.83; W. R. Cleveland, \$6.75; L. S. & M. S., \$33; A. Himes, \$1,023.52; W. R. Cleveland, \$44.55; Byron Pierce, \$129; secretaries' statement, \$910.37.

Engineer Collier presented the following estimates: For constructing sewer in Jefferson avenue from First avenue to Wealthy avenue, \$640; for a sewer in Wealthy street from Wealthy avenue to Buckeye street, \$438.50. Mr. Worden said he thought the action of the city attorney cast a reflection on the board in his report to the council regarding the release on North Lafayette street and he wanted to square the board. He moved that a communication of the engineer, explaining the matter, be referred to the city council. Carried.

The following contracts were awarded: For the improvement of Terrace avenue to John DeBrine, \$1,695; for laying water mains in South East street to James Owens, who bid as follows: For 4-inch pipe, 12c; 6-inch pipe, 13c. The bid for sewer in North avenue rejected. Improvement in Walbridge street to J. B. Hoey, \$950; in Mason, Rens & Vissers, \$1,482.75; in Newberry street, Rens & Vissers, \$1,190; sewer in Eleventh avenue, James Owens, \$120.

After having been in session nearly three hours the board adjourned.

THEIR PATENT SUSTAINED. United States Court Decides in Favor of Perkins' Machine.

About two years ago Willis J. Perkins brought suit in the United States circuit court for the northern district of Illinois against the Interior Lumber company, which company had purchased and were using a rotary shingle machine manufactured and sold by George Chalonsome Sons, who assumed the defense of the suit, employing as their counsel the well known firm of Winkler, Plandus, Smith, Bottom & Villas of Milwaukee. The case was stubbornly contested and a large amount of testimony was taken, both by the complainant and the defendant. After due consideration of the evidence, Judge Gresham, sustained the patent broadly as to eight claims; which claims involve what is known as an automatic spalling device, the shingle belt mechanism and wood-

on supporting block and oil chamber which supports and lubricates the carriage rim. These patented devices have been found to be absolutely necessary for the successful operation of a rotary shingle machine, and the machines containing such patented devices have supplanted all other kinds of rotary machines. The spalling device refers to an automatic mechanism whereby a spall or refuse block can be automatically discharged from beneath the track or ways on which it is supported. The dogging device refers to the mechanism for dogging and undogging the shingle belt. The supporting block for the rim of the carriage prevents any vibration or trembling of the saw, and is absolutely necessary to make a perfect shingle. A permanent injunction was granted, which will restrain the use of all infringing machines and prevent the future manufacture and sale of infringing machines. Perkins & Co. announce that they will prosecute all infringers, both present and future. The suit was prosecuted on the part of Perkins & Co. by Taggart & Denison of Grand Rapids, Mich., and O'Neil, Towle & Linthicum of Chicago, Ill.

Police Court Work for July. Following is a summary of the business done in police court for the month of July as recorded by Clerk Stevens: City cases disposed of, 109; fines collected, \$113.10; costs, \$78.15; cases held to the superior court, 26. These cases involved the following violations of city ordinances: Drunk, 74; fast driving, 2; violation of street ordinance, 2; breach of the peace, 6; disorderly, 11; peddling without license, 1; violation of vehicle ordinance, 4; vagrancy, 1; violation of ordinance relative to bathing, 9; state cases disposed of, 60; fines collected, \$19; costs, \$2.42. The state cases were distributed as follows: Assault and battery, 16; violation of the liquor law, 13; carrying concealed weapons, 1; grand larceny, 3; larceny from dwelling, 9. The remainder of the cases were larceny, truancy, highway robbery, burglary and larceny, burglary, ill-treatment of animals, and resisting an officer.

Her Father Gives Her Up. Mattie Carter, a 16-year-old colored girl, was arrested yesterday on a warrant sworn out of police court by her father, George B. Carter, who says the girl is incorrigible. She has contracted a habit of walking the streets at improper hours of the night and acknowledging that she has visited a house of questionable repute on Calder street at various times. She denies, however, that she is unchaste in character and visited the place without the knowledge of its reputation. Her case was referred to County Agent Hathaway.

More Work of Burglars. George Carter, a shoemaker residing at No. 181 Spring street, reported to the police yesterday that burglars entered his residence early Thursday morning and swiped \$7 from his trousers pocket. The intruders had also taken his gold watch from the dresser, but were frightened by the screams of his wife, and dropped it while making their hurried departure. They gained entrance to the apartments through the window.

Bolt Is Let Down Easily. When the case of Gerrit Bolt came up in police court yesterday for a final hearing, the respondent represented that his action in making an excavation in the street was not a willful infraction of the street ordinance. He supposed the gravel was taken on his individual premises, and there being no question about it in the mind of Judge Haggerty, the case was nolle prossed.

Mrs. Steele Given a Warrant. Mrs. George Steele of Front street swore out a warrant from police court yesterday morning for the arrest of her husband, on a charge of assault and battery. She says he has assaulted her on several previous occasions, and yesterday morning he went at her with unusual violence.

Behrens Is Daft. Henry Behrens, a common laborer aged 45 years, was locked up in the county jail yesterday for safe keeping. He is slightly demented, and laboring under the delusion that his wife is laying a scheme to defraud him out of his property.

Circuit Court—Part II. JUDGE ADJUT. Walter A. Wood Mowing and Reaping Machine company vs. Joseph W. Oliver et al., assumpsit; proceedings stayed twenty days.

Police Court Notes. County Agent Hathaway was given until August 2 to make his report in regard to the disposition of Gertrude White, the little colored girl who stole a dollar from her grandmother.

John Guider, who is charged with having disposed of a horse and buggy upon which there is a chattel mortgage, was given until August 4 to complete his answer.

The examination of Harry Fay on an accusation of stealing a cloak from rapid Millie Newcomb, was adjourned in police court yesterday until August 2.

THE LAND OF SUNSHINE.

A Unique Country Where the Skies Are Almost Never Clouded, While the Air is Cool and Bracing, Like Perpetual Spring.

As an anomalous southern resort, by reason of the fact that there one may escape summer heat no less than winter cold, New Mexico is rapidly becoming famous. Averaging throughout the entire territory 5,600 feet in altitude above sea-level, and characterized by dry air which, unlike a humid atmosphere, is incapable of communicating heat, the temperature in mid-summer remains at a delightfully comfortable degree through the day, and at night becomes invariably brisk and bracing. The sunbathing is almost constant, yet the most violent out-of-door exertion may be undertaken without fear of disastrous consequences. Sunstroke or prostration are absolutely unknown there. It is an ideal land for a summer outing. Its climate is prescribed by reputable physicians as a specific for pulmonary complaints, and the medicinal Hot Springs at Los Vegas are noted for their curative virtues. The most sumptuous hotel in the west, the Moctezuma, is located at these springs. Write to Jno. J. Byrne, 723 Monadnock Block, Chicago, for "The Land of Sunshine," an entertaining and profusely illustrated booklet descriptive of this region, the most picturesque and romantic in the United States.

Popular Summer Resort. Hotel Ottawa, Ottawa Beach, Mich., located on Macatawa bay on Lake Michigan, twenty miles south of Grand Rapids, and thirty miles from Grand Rapids. Boating, fishing and finest surf-bathing beach on the lake. Hotel first-class. Rates moderate. Now open. For particulars address RICK & NASH.

Would you ride on a railroad that uses no danger signals? That cough is a signal of danger. The safest cure is Dr. Wood's Norway Pine Syrup. Sold by all dealers on a guarantee of satisfaction.

The Elks' excursion to Milwaukee Sunday will be one of the most delightful outing trips of the season.

Colic and Cholera Morbus. Colic, cholera morbus, cramp and many other affections of the stomach and bowels prevalent at this time of year are due to two causes. First, the depressing effect of the hot weather upon the nervous system, and second, the use of green fruit, cucumbers, melons, etc. No one is safe from painful and even dangerous attacks of these affections unless unusual precautions are taken at this time of year. A tablespoonful of Pe-u-na taken before each meal is a complete protection against these maladies. Pe-u-na is not only a preventive of colic, cholera morbus, cramps, stomach ache, summer diarrhoea and cholera, but is also a prompt cure for these diseases. Where the attack is very severe and protracted, a wineglassful of Pe-u-na should be taken at once, followed by two tablespoonful doses until complete relief is obtained. This never fails in a single case. In cases of less severity a tablespoonful every hour is sufficient. No one should neglect the precaution of taking a dose of Pe-u-na before each meal, until the hot season is over.

Complete treatise on diseases of hot weather sent free to any address by the Pe-u-na Drug Manufacturing company, Columbus, O.

Buy Chicago Real Estate. Chicago real estate almost sells itself and does its own talking. A syndicate of wealthy, representative men own Sheldon Heights, the highest, driest and best residence property in Chicago. They want one first class real estate man (only) to represent them in this town and vicinity. Don't "putter" along with little things in boom—handle something you can turn easily. Location, price, terms—are all attractive and right. Chicago is getting one new permanent inhabitant every nine minutes. This makes a lively demand for good residence property. A live, progressive man, with a following, can learn of a business opening of a very profitable nature by writing today to James E. & Robert L. McElroy, Chamber of Commerce, Chicago, provided the name of this paper is mentioned.

Very Much Surprised. I have been afflicted with neuralgia for nearly two years, have tried physicians and all known remedies, but found no permanent relief until I tried a bottle of Dr. Williams' Great German Lintment and it gave me instant and permanent relief. 25 cents per bottle. Signed, A. B. SWELL, Hamilton, Mich., April 11, 1891. For sale at D. C. Scribner's drug store.

What We Offer You is this: If you are troubled with piles, (no matter what kind) go to the drug store named below and get a package of Hill's Pile Remedy. No danger of being humbugged. Relief in 15 minutes and a positive cure. A bonafide guarantee with each package. By mail \$1, six packages \$5. R. A. McWilliams, 25 W. Bridge street, and Peck Bros., 125 Monroe street.

Good Cooking is one of the chief blessings of every home. To insure successful cooking, puddings, sauces, etc. use Hill's Border "Eagle" brand condensed milk. Directions on the label. Sold by your grocer and druggist.

A sad scene with which to terminate a brilliant evening. They have returned from a reception. She had felt restless and nervous during the day, and is suddenly taken with that "faint feeling" so prevalent with our women.

The cause of this feeling is some derangement, weakness, or irregularity incident to her sex, and can readily be removed by prompt and proper treatment.

The Vegetable Compound acts like magic in such cases. It not only gives prompt relief, but effects a permanent cure.
